A Glacier Tradition Since 1945

Long before the park was established in 1910, Apgar Village has always been a place of welcome. Visitors came for lakeside cabins, home cooked meals and backcountry adventures. Eddie's Cafe carries that tradition forward.

At the heart of Apgar Village, Eddie's Cafe has welcomed hungry hikers, curious travelers and local families for generations. What began as a modest grocery store transformed by Eddie Brewster in 1945 has grown into a cherished hub for hearty meals and genuine Glacier hospitality.

Rooted in connection, resilience and community, Eddie's is more than just a place to eat. It is where memories are made, stories are shared, and the spirit of Glacier lives on in every bite and every visit.
